

PRODUCT INFORMATION

ACVR2A **Target**

Monoclonal Cell Line Derived from CHO-S Cells, Engineered for Stable Expression of Human ACVR2A Using Lentiviral Technology Description

Host Cells CHO-S P27037 **Uniprot ID Applications** FACS Data

DMEM+10% FBS+1% P.S+Gln+2 ug/mL **Growth media**

Puromycin **Package** 5E6 Cells/mL

Suggested Control SKU: BME100228

> 1. Please inspect cells upon receipt and report any issues promptly. 2. We offer one-time replacements for issues reported within a week of

Warranty and receipt. 3. User-induced issues are not eligible for Disclaimer free replacements. 4. We do not accept liability for damages resulting from cell use, storage, or loss. 5. Feedback received more than one month after receipt will not be processed.

Cells are shipped using dry ice and require liquid Storage & Shipping nitrogen storage for long term preservation.

Synonyms ACVR2; ACTRII

> This gene encodes a receptor that mediates the functions of activins, which are members of the transforming growth factor-beta (TGF-beta) superfamily involved in diverse biological processes. The encoded protein is a transmembrane serine-threonine kinase receptor

which mediates signaling by forming heterodimeric complexes with various

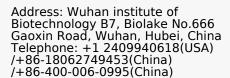

combinations of type I and type II receptors and ligands in a cell-specific manner. The encoded type II receptor is primarily involved in ligandbinding and includes an extracellular ligandbinding domain, a transmembrane domain and a cytoplasmic serine-threonine kinase domain. This gene may be associated with susceptibility to

preeclampsia, a pregnancy-related disease which can result in maternal and fetal morbidity and mortality. Alternative splicing results in multiple transcript variants of this gene. [provided by

RefSeq, Jun 2013]

Usage For research use only.

Background

Hu_ACVR2A CHO-S Cell Line

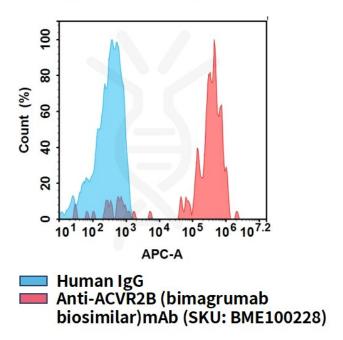

Figure 1. Flow cytometry analysis of human ACVR2A overexpression using Hu $_{\rm ACVR2A}$ CHO-S Cell Line (Cat. No. CEL100097) and Anti-ACVR2B (bimagrumab biosimilar)mAb (Cat. No. BME100228)
